

Kobra

Automatic Feeding System

Engineered for tomorrow.

The **MELTON Kobra Series** offers the best alternative for high quantity adhesive dispensing on continuous jobs. The Kobra offers total flexibility, from the most complete operational PLC network to traditional analog control. Valco Melton offers a complete range of options to best fit your needs.

The **MELTON Kobra Series** offers:

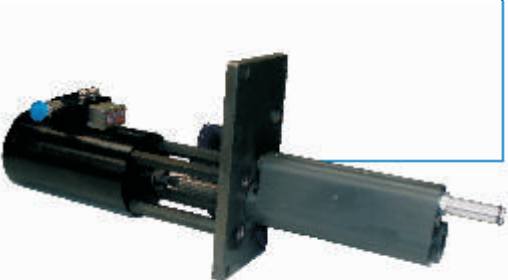

- Greater durability for longer lasting equipment
- Integrated auto-feeder
- Reliability and control
- Compatibility with other industry standard equipment

Capacities 4L, 8L, 16L

Lighting beacon and level sensor optional

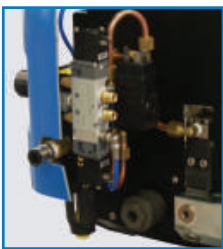

High and low flow pump with electric activation

Locking lid promotes operation safety

The filtration in and out system makes cleaning and maintenance easier

Pressure relief system

Optional feeding bin

12 independent temperature control zones and 6 production hydraulic exits

Optional external recirculation to the distributor

Pneumatic pressure control and production manometer

- Capacity: 4L - 8L - 14/16L
- Fusion Capacity: 4.2kg/h - 7.9kg/h - 13.5 kg/h
- Pumping Capacity: 100 kg/h
- Compression rate: 13:1 or 14:1
- Consumption power: 1800W - 2900W - 4000W
- Working Temperature: 30°C - 240°C
- Working Viscosity: 50000 cps
- Pneumatic Pressure: 0.2bar - 6bar
