

Restack Pallets the Faster, Safer, and Easier Way with a PalletPal® Rotator/Inverter from Southworth

SOUTHWORTH
We'll Show You How

The Southworth PalletPal® Pallet Rotator/Inverter is the fast, safe, economical way to rotate pallet loads. The pressure-adjustable clamp secures loads measuring up to 48" x 48" x 60" and weighing up to 4,400 lbs. then rotates them a full 180° at the touch of a button.

The uses are endless...

- Transferring to or from in-house to shipping pallets or slip sheets
- Replacing damaged items at the bottom of a load
- Turning inventory for freshness
- Replacing broken pallets

For complete details, visit www.SouthworthProducts.com/rotator

Just four simple steps...

1. Add replacement pallet or slip sheet to top of load.

2. Place loaded pallet into inverter.

3. Use remote control to clamp and rotate load in about 15 seconds.

4. Entire cycle takes about a minute.
